

INTRODUCING **ATS • US-2000** **Stacking/Banding System** featuring **Ultra-Sonic Sealing Technology**

**HIGH SPEED
INFED CONVEYOR**

**DOWN STACKING
WITH SERVO PUSHERS**

**BANDING THE
STACK**

The **ATS•US-2000 STACKING/BANDING SYSTEM** provides you with the ability to take a single stream of product, stack it, then place a paper or plastic band around the stacked product. This machine is perfect for all types of products such as small boxed product, vacuum sealed bags or pouches, as well as other configurations.

For over 25 years, **Wexler Packaging Products** has been providing Banding Solutions to manufacturers, contract packagers, distribution centers and many other industries. These machines are built by **ATS** in Switzerland with the highest quality components.

For information or questions on how **BANDING** can benefit you, call us at **800.878.3878** or visit **www.wexlerpackaging.com**
