

HANGING TAGS

The Felins TAG-Tyer semi-automatically produces hanging tags or textile loops and offers you the possibility to process a multitude of elastic and non-elastic yarns.

You will be able to process various lengths of loops and various tag sizes. Ease of adjustment and operation enable you to handle very small orders cost-efficiently.

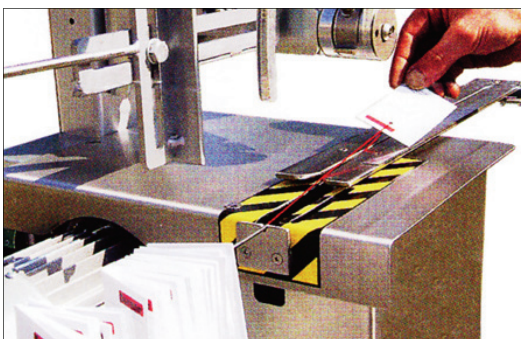

Perforated hanging tags are pulled through the machine by hand and the Felins TAG-Tyer will knot the yarns automatically. The tying process is triggered with a pedal switch.

- Quick adjustments for handling of very small orders
- Rubber feet for stability

Performance: ca. 800 hanging tags per hour
Weight: compact table model (only 32 kg)
Drive: 110 Volt
Dimensions: 100 x 42 x 65cm (L x B x H)

- Cost-effective modifications and automations of the Felins TAG-Tyer for your applications
- Fast delivery of various elastic yarn qualities and non-elastic yarns,
- Tag service: we produce your hanging tags cost efficiently and quickly
- Textile loops: Elastic yarns as knotted loops
